

EVØY

ELECTRIFYING THE MARITIME INDUSTRY

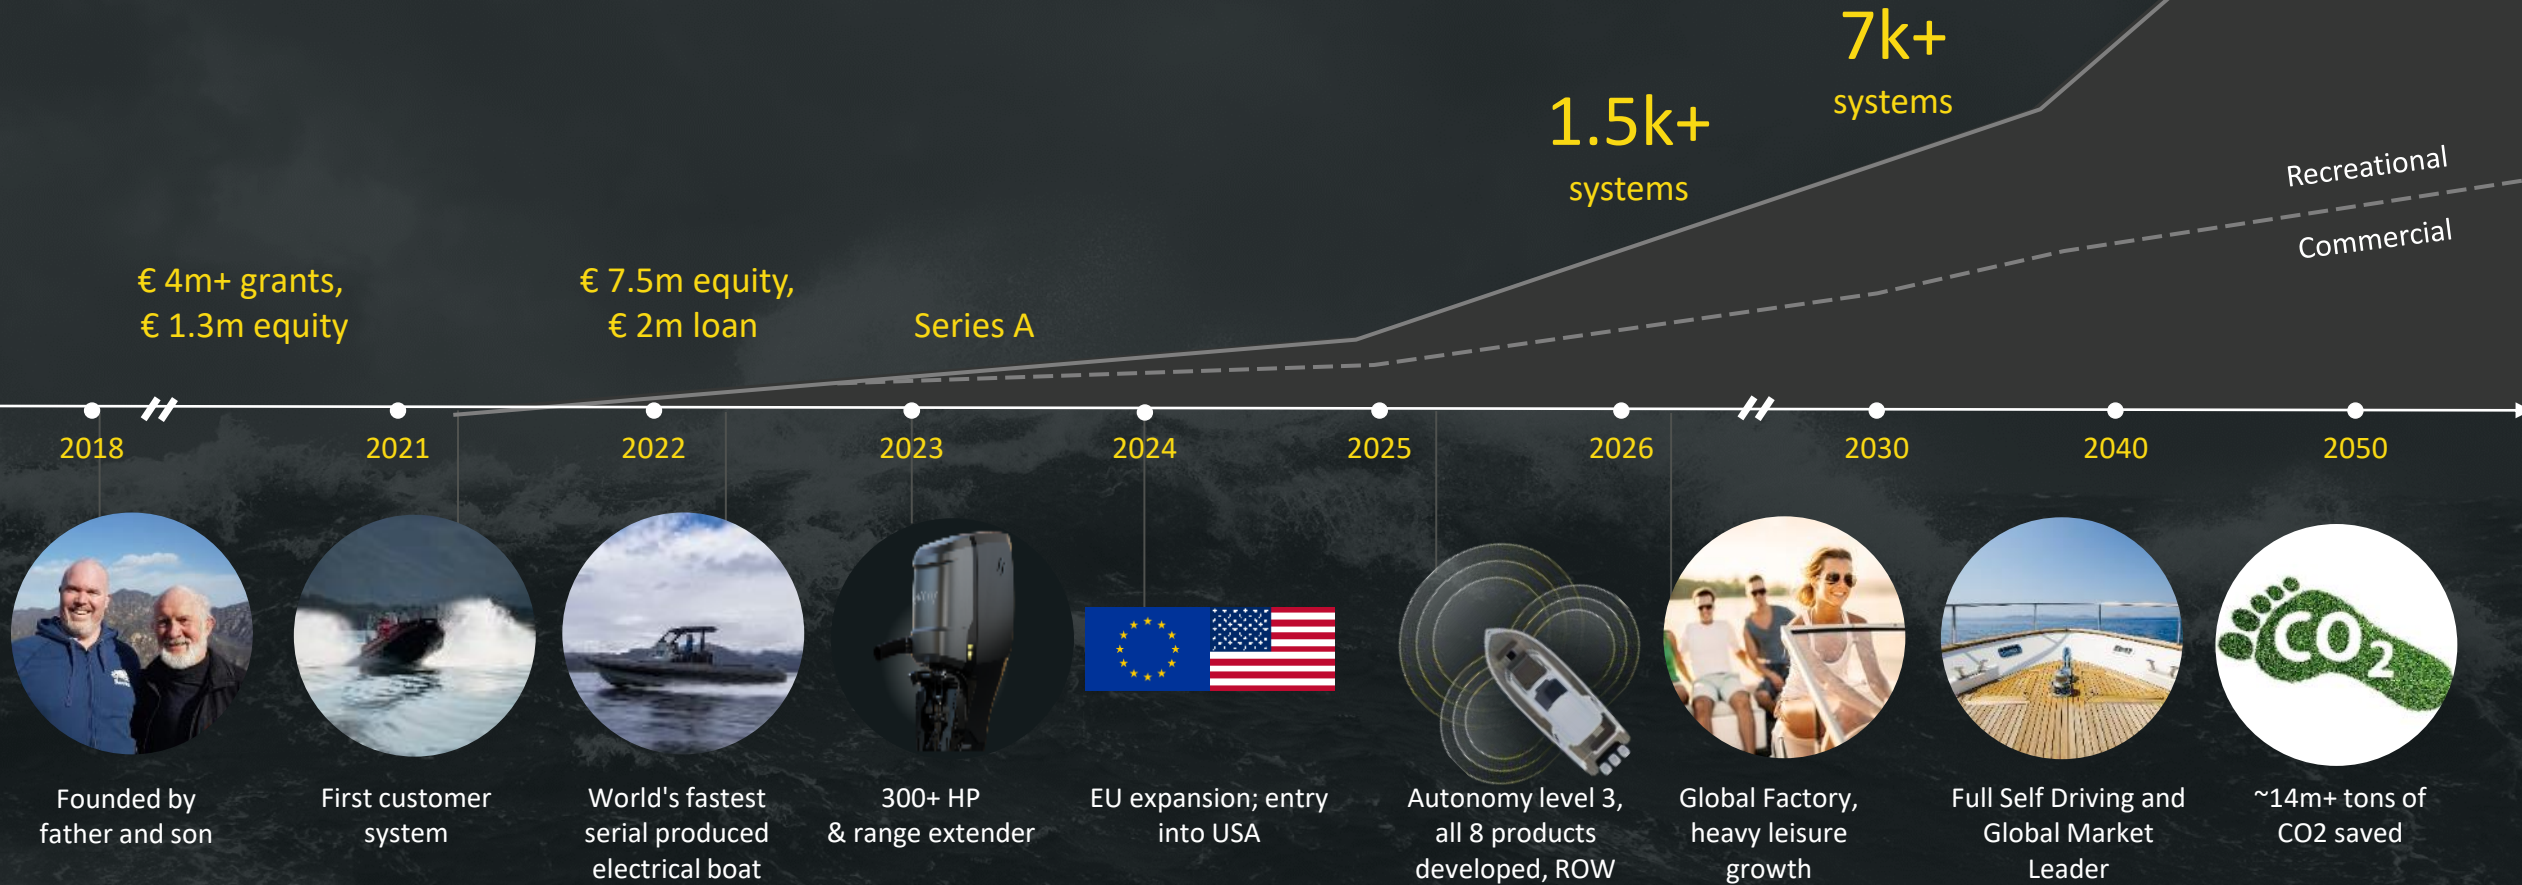

Lydløs Lofoten

Marte Rostrup Hofset

FAST MOTORS & FAST COMPANY

Founded in 2018 with exciting growth journey ahead

VISION

IRRESISTIBLE BOATING

The electric customer experience and second-to-none technology

MISSION

ELIMINATING BOATING EMISSIONS

Pioneering plug-and-play performance marine electric motor systems

GOAL

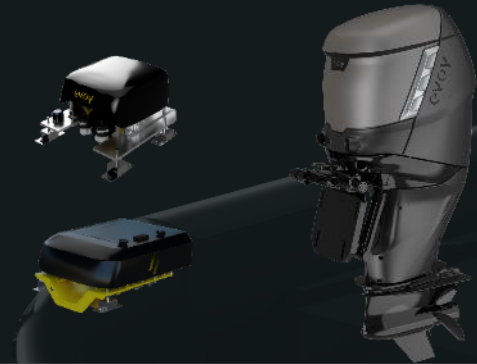

GLOBAL MARKET LEADER

Top-tier supplier with world-wide reach and a genuine approach

LEADING ELECTRIC & HYBRID POWERTRAIN

Most powerful electric motors in the world

Unique & market-leading digital offering

HURRICANE 400+ HP
STORM 300+ HP
GALE 200+ HP
BREEZE 120+ HP

OPTIMIZE UPTIME &
REDUCE OPEX

- + Battery and charging optimization
- + Remote/OTS and predictive maintenance
- + Fleet management
- + Self-driving capability

Long & extendable range

Only super charging enabled electric powertrain

25+ NM RANGE AT
25 KNOTS¹

100 to 60 NM in range in 3 – 5 knots¹,
5 – 10x range with ICE or H2 range extender

CCS 2.0 plug

SUPERCHARGE BATTERY TO
80% IN 45MIN²

Partner with Aqua Superpower with ~150 superchargers available
across Europe and US in 2023

1. Based on 126 kWh configuration, 80 % DoD, 4.0 kWh/nm, exp. from Goldfish X9

2. Based on 126 kWh configuration with 200 kW DC supercharger

THE FUTURE IS ALREADY HERE -POWERED BY EVOY

ACCUMULATED SAVINGS AND KEY NUMBERS

Lifetime savings*

Without funding	NOK 10 256 970
With funding	NOK 11 034 970

*Total savings during boat's lifetime

Return on investment time (ROI)*

Without funding	6
With funding	4

*Indicates # of years before investment is profitable

Internal rate of return (IRR)*

Without funding	19%
With funding	30%

*Positive value indicates profitable investment

(Case: Inboard 400+ hk and 4 batteries, 800 hours/year, 30 liter diesel/hour, 16 kr/liter, 1 kr/kWh)

HOW CAN WE ELECTRIFY FASTER?
